BIG line of Remnants, including Swiss Embroideries, Laces, Ribbons, Ladies' Hats, many pieces of Fancy Lawn, Batiste and Dotted Swisses. Prices now from 5c to 20c. Limited space prevents us from giving more fully itemized list in the Notion and Dry Goods department, but the public will find everything in these departments at satisfactory, trade winning prices.

THIS Sale will begin Monday, June 27, 1904, and continue 10 days only. Call while Stock is Complete. You will find bargains in every department at HENRY M. SMITH'S, - MARBLE HILL, MISSOURI.

The Democratic St. Louis Court of Appeals convention, held in St. Louis the first of last week, nominated Judge Valley Reburn for reelection.

Mr. Folk has chosen the following delegates from this county to attend the State convention at Jefferson City July 19: Hon. J. M. Welker, Bessville; Hon. George B. Myers, Buchanan; and Attorney W. K. Chandler, of Marble Hill.

One of the most appalling disasters recorded in many a day, was the steamboat disaster which occurred at New York the morning of June 15. While the Excursion steamer General Slocum, was on a trip, carrying about 1,500 persons, mostly women and children, the boat caught fire, burned and sank, and the loss of life is horrible to contemplate, being estimated at 900.

The National Republican convention met in Chicago Tuesday and here this paper reaches many of its readers Mr. Roosevelt's nomination, which has been on the hook some seven or more months, will have been formally handed down to him. Fairbanks of Indiana seems to be in the lead for vice president. The interesting part of the convention will be over the adoption of the platform, but the whole thing promises a very tame show.

Two of the St. Louis hoodlums, Julius Lehman and Emil Hartman have found the way to the penitentiary. The former gets seven years and the latter six. On June 14 the Supreme court affirmed the finding of the lower court in their cases and after the opinion was rendered they were formerly sentenced by the court. They accepted bribes of \$2,500 each for voting in favor of the city lighting bill. Judge Fox wrote the opinion which was concurred in by the other members of the court.

Judge F. R. Dearing Dead. Judge Frank R. Dearing died at his home in Hillsboro, Wednesday afternoon, June 15th, aged 40 years, 5 months and 20 days. He had been afflicted for several years and had never rallied to any material extent since he took to a sick bed at Potosi. He was born in Washington county,

December 25, 1863, and came to this county after he had graduated from the law school of the State University. He held the office of prosecuting attorney two terms and was just finishing his first term as circuit judge. As an official he had won the good will of the people of the county and district and was renominated without opposition this year. He had been a widower several years. * * * —Jefferson Democrat.

Southeast News.

Arthur Weldon, age 12 years, was drowned in the river at Cape Girardeau June 14, while bathing.

Charles Courier. DeSoto has an ice plant laying idle, so has Charleston. The reason for not running is said to be that no money is made in making ice.

The Democratic convention for the Twenty-second judicial circuit held at Malden June 15, nominated Judge J. L. Fort for reelection.

Jackson Herald. The steel rails have been laid on the Houck road from the Cape to the crossing of the gravel road. In about one month the rails will be laid to Jackson.

At Charleston, June 15, Judge Riley was again nominated by the democratic convention to succeed himself as judge of the Twenty-eighth judicial circuit.

Festive News. H. J. Marbury, editor of this paper, has been confined to his home for more than a week. He is now improving and expects to be out soon. Ye devil devoutly hopes so for this editor business is not what it is cracked up to be.

Doniphan Prospect-News. A phone message from Maynard stated that on Tuesday morning about 3 o'clock, the office of the Maynard Back-Log burned and that everything in the building was destroyed, the fire getting such a headway before it was discovered that no one could enter the house to save anything.

Doniphan Prospect-News. J. S. Randolph of this city exhibited to us a very fine violin a few days ago which he made himself. The instrument is nicely inlaid. Seven hundred and forty-one different

pieces enter into the construction of it. The woods from which the fiddle is made all grew in Oregon county where Mr. Randolph lived before he came here.

Bonne Terre Democrat-Register. An unknown man was run over and killed on the track near Doe Run Junction by the M. R. & B. T. passenger train, No. 35, about 8:50 o'clock Sunday night last. A sharp curve near the point of the accident prevented the engineer from seeing the man in time to stop the engine and avoid the tragedy. One arm of the poor fellow was cut off and his body almost severed at the chest.

Dexter Messenger. Four young men of the county were before Esq. Jeffers Wednesday for disturbing religious worship at Old Bethel last Sunday. They were given a good dose of justice in the shape of a \$25 fine each. Their names are withheld on promise of never being guilty of this offense again, which we hope they will keep. Their example should be a warning to the thoughtless and viciously inclined. The English language is too weak to express condemnation of vicious behavior at church, and it should be the pleasure of every church officer to see that the law against culprits of this class is strictly enforced.

New Madrid Southeast Missourian. Henry Harris was up from Reelfoot Wednesday. He has about 180 acres in alfalfa on his farm on Riddle's Point in this county, and it is the finest he has ever grown. It is so rank and heavy that the most improved machinery is inadequate to handle it. He has everything in the harvesting machine line, such as tedders, rakes, loaders, mowers, etc. It requires about 20 days to harvest the crop, and by the time he finishes the last 25 acres the first cut is ready to cut again, so fast does the plant grow over.

George Hart is preparing to move his family to Sturdivant this week.

Wheat harvest is on hand and the crop promises excellent returns to the horny-handed sons of toil; much of it is already in the shock.

Sam Feltingbarger Jr., has moved his new house, which he commenced to erect on his father's lot, across the street.

Walter Bennett, son of Mrs. Hettie Bennett, had the misfortune to receive a severe blow on the head by a large rock last Sunday. The boys were splashing water on each other while bathing in Brush creek when the accident happened. The boy had his skull fractured, but the latest reports say he is getting along very well.

Extensive preparations are being made for a big Fourth of July celebration at this place and to enter-

tain the thousands of people who always come here on that day.

Rev. F. M. Wells is billed to lecture here July 3 and 4, and will probably continue thru the week. Rev. Mr. Wells was a prominent chaplain in the army during the late war and has recommendations the secretary of war for valuable services rendered. C. Cook.

Sedgewickville. We are having plenty of rain and bad roads at this writing.

Several of our young people attended the all-day services at New Salem last Sunday, while others went to Trinity church. The latter was a quarterly conference occasion. "Uncle Joe" Seabaugh is quite ill at this writing, but his many friends hope to see him out again in a short time.

"Uncle" Wiley Seabaugh visited his sick brother, "Uncle Joe" last Sunday. They are two of our oldest citizens.

Abie Seabaugh is thinking of erecting himself a new dwelling house in the near future.

C. R. Conrad and D. R. Seabaugh are now putting up a new barn for Mrs. Emma Seabaugh. They will complete W. S. Smith's new residence in a short time, as they have the frame up and the roof on it.

Dr. R. D. Blaylock has his office nicely painted inside and out. A coat or two of paint helps the appearance of a building wonderfully.

W. S. Smith, our west end blacksmith, is kept quite busy these days repairing farming implements and machinery.

Farmers are harvesting the wheat crop now, which is better than for several years.

D. R. Seabaugh wants it understood that he is prepared to furnish everybody all the home meal they want, of the old reliable Anchor brand.

Geo. M. Smith and his best girl passed thru our burg last Sunday. George had one of those big smiles on his face.

Will Smith is now learning to wield the hammer under his brother, W. S. Smith.

Grandma Sample and Mrs. G. M. Sample visited at the home of D. R. Seabaugh at this place one day last week.

Mrs. A. B. Dolle of near Alliance visited her sister, Mrs. Emma Seabaugh, in our town one day last week.

DR. CARLSTEDT'S

German Liver Powder

This is the one specific that reaches the greater number of human ills. For, when you have regulated the liver—that time-lock put upon the whole physical structure—you need have little fear of the other organs. You will pardon us, then, if we speak with the utmost frankness of spirit. The unvarnished truth goes farthest and sounds best. Let the body get run down and the mental machinery becomes correspondingly inactive. A vigorous man or woman is mentally strong and reliant. So, after we have consulted with minutest care the inflexible law Nature has written down for us—that is, if we do not go beyond this and put into circulation some drug mixture that affords only a brief and stimulating effect—we have done the world a most beneficent service. Then cut out the below coupon at once and send to us and we will send back to you by return mail an order on the below druggist for one full sized bottle which we will pay him for. It costs you nothing to test our remedy, we take all the chances willingly and with every confidence in its efficiency.
